Management Philosophy & Vision

The ideology of Candyspeed promises "healthy and beautiful hair" to customers Responsibly.

Candyspeed is a groundbreaking product that dyes colour in 1~3 minutes, is odourless and immediately creates soft hair. If the living foundation can create a beautiful value in this world, we will not give up. For the fulfilment of our Philosophy, we will provide the highest level of product and the opportunity of Innovative business. We have a specific plan of operation to fulfil it.

We believe that success is achieved when a modest person nurses big vision in the heart and endeavours honestly and earnestly. Candyspeed will take responsibility for the customers' healthy and beautiful hair. That is one promise we will keep in the future. Candyspeed will introduce excellent product brand in domestic and foreign market and will try its best as the leading hair cosmetic corporation.

We thank you for your constant love and warm encouragement. We look forward to your undying care and guidance.

Thank you.

Business Outline

Business Content:

Candyspeed has launched 1-minute colourant in various corporations and is consisted of agency distribution.

Product Outline

Product Introduction:

Candyspeed 1-minute colourant. Soft and mild! is the product concept. The colourant is odourless and will not produce dandruff for those who dyed Their hair because of it.

We have a patent for hair penetration solution that deeply penetrates and evenly spreads into cuticle layer, as to create natural hue in short period. The absence of ammonia additives ensures the lack of pungent smell and stinging eye.

After dying and washing your hair, you can feel soft and silky hair through Candyspeed product.
